ANNOUNCEMENT.
A Special Edition of the Bryan Eagle and the Madisonville Meteor on a New and Novel Plan.
The publishers of the Bryan Eagle and the Madisonville Meteor are making a thorough canvass of Bryan's trade territory, in preparation for a grand special edition of each of the two papers, to be issued at the same time.
The plan upon which this edition (or these editions, for they will contain the same specially prepared matter, advertisements, etc.) will be issued is a new one, and one that we believe will cause it to redound more to the advantage of Bryan than any other edition ever gotten out.
Representatives of the Eagle are calling upon the people in different communities in Madison, Grimes, Leon, Brazos and Burleson counties, getting descriptive and statistical information for publication in the edition. A large part of the territory has already been covered, and the work in other portions is still going on. We now have a series of very interesting interviews, and the people in all sections where we have been express the greatest interest in the forthcoming editions.
The information in the interviews covers church and school facilities, names of pastors and teachers, character and prices of land, distance to different markets and percentage of trade going to each, relative increase or decrease of acreage in cotton or corn, meat raised for home consumption, improvements needed in different communities, road and bridge improvements needed and being made, remarks on Bryan as a trading point, etc., etc.
Postmasters at various points make statements of the number of copies that they can distribute to good advantage. The object of the edition is to advertise Bryan and the country which constitutes her trade territory. Special editions are usually devoted to some town, while the country which makes the town is to a large extent ignored. We have determined to make this one an exception, in that both are to be written up. It will be written by Bryan's best writers, and the plan will be to make it do much good. It will be made up August 1.
I pay special attention to prompt and comfortable delivery service for drummers and other transient persons, and take good care of all "boarding" horses entrusted to me. 180
Rev. A. M. Stewart will preach under a tent at Bethel Saturday and Sunday. His subject Sunday will be "Music." There will also be singing and dinner on the ground Sunday.
For pure fountain and bottle soda, Dr. Pepper, and all the latest ice drinks, candies, fruits, nuts, etc., call on C. G. Parsons. 181f
The singing normal at Bethel Academy will open Monday and continue four weeks. Prof. Eiland, Evered and Acuff will give a free concert Monday night.
J. A. Myers has been visiting Waco this week and participated in the organization of a state association of hardware men.
For Rent—Eight lots favorably located for a cotton yard in northern part of town. Apply to W. T. Young at courthouse. 180
Wanted—A job, painting or papering houses or remodeling old furniture. Phone 127. W. A. Dodson. 180
Misses Alice Bonnellville and Louise Mendoza are visiting in Galveston.
For Sale—Two lots in southwest corner of block 194, city of Bryan. Apply to J. H. Wilson. 183
Mr. and Mrs. G. S. Parker have gone to Manitou, Colorado.
When you want to enjoy a nice drive get one of Ira Gooch's nobby turnouts.
Mr. and Mrs. D. C. Zuber have gone to Grimes county.
Choice Feed Oats.

CHRISTIAN ENDEAVOR CONVENTION.
July 1st to 6th, inclusive H. & T. C. will sell round trip tickets to Nashville, Tenn., via N. O. or Memphis for \$19.40 via St. Louis \$29.55. Limit tickets July 31st. Limit may be extended to August 10th by depositing tickets with Agent at Nashville on or before July 31st.

City Council.
The city council met in special session last night and after examination approved and received the new city map.
Mr. MacNair has been employed by the council to locate the corporation line and mark the corners and road crossings.
The council adjourned until Monday night when the acceptance of the new fire engine will be considered. The engine will be tested meanwhile.
The new map, which has just been completed by Mr. H. J. MacNair, after a careful survey of the city, is a model of neatness and accuracy, and all that could be desired for the purpose it will serve. It is gotten up in colors, and may be understood at a glance without explanatory notes. The map is a work of art and shows careful work on the part of the engineer who is an experienced man in all branches of his profession.
Mr. MacNair leaves soon for Washington to offer his services to the war department in the volunteer engineering corps of the United States army.
GENERAL MERRITT LEAVES FOR MANILA.
He Carries With Him Copies of the Proclamation He Will Issue to the People.
San Francisco, June 29.—General Wesley Merritt, who sailed from this port this morning to assume his duties of governor general of the Philippines, has prepared a proclamation which will be issued immediately after his arrival at Manila. He expects to enter that city without serious resistance, but in case of necessity, is prepared to use both the naval and military forces at his command to take forcible possession of the place. The proclamation to be disseminated has been translated into Spanish and many thousands of copies will be circulated. Although its contents are as yet kept secret, its general tone is known.
It will announce to the people of the

GENERAL WESLEY MERRITT.
Islands that General Merritt as the representative of the United States, has established a provisional government and his authority must be respected. At the same time, he will insure the inhabitants that he comes not to oppress but to free them. They are to be granted the fullest liberty compatible with the preservation of law and order and all personal and property rights to be respected.
In an interview General Merritt expressed his satisfaction with the officers and men under his command and the most confidence in the success of the United States in the Philippines. He has instructions from Washington to confer with Admiral Dewey on arrival at Manila and the two commanders are to act in concert in everything that may be necessary to insure the occupation of the islands by this government.
WILL TAKE A MONTH.
General Merritt Does Not Expect to Reach Manila Until July 25.
San Francisco, June 29.—Major General Merritt expects to reach Manila July 25 or August 1 at the very latest. Before his arrival General Greene will have consulted with Admiral Dewey as to the advisability of making a joint attack upon Manila. General Merritt's installation as governor general will be attended with as little ceremony as possible. In his proclamation he will assure the people that their forms of worship and their churches will not be interfered with. This fact will be made clear, as will also the fact that their property will not be confiscated in order to offset representations to the contrary which have been made by agents of Spain.
WILL GO TO MANILA.
The First Regiment of New York Volunteers Ordered to Assist Dewey.
New York, June 29.—The first regiment, New York volunteers, composed of the tenth battalion of Albany, and eight separate companies have received orders from Washington to proceed to San Francisco, and thence to the Philippines.
The regiment is now doing coast-defense work at Fort Columbus, Wadsworth and Hamilton. The headquarters are at Governor's Island, and the men will be mobilized there preparatory to departing.
While the order to go to the Philippines was a surprise to the men it was no news either to Colonel Barker or Lieutenant Colonel Staehpote. Both have been using all the influence that could be brought to bear to bring about this assignment.

CHICKAMAUGA, June 29.—The order issued conveying the information that the entire first army corps will be sent to Cuba has doubled activity at Camp Thomas. The work of completely equipping and arming 37 regiments is an immense task for the short time in which it must be accomplished, but the work is already in progress and officials say it will be finished much sooner than is generally believed possible. Every member of the 27 regiments from colonels to privates are hustling. It is believed the move will be made in two weeks.
Suppose Germans Prevented It.
Madrid, June 29.—Manila advises say it is supposed that the German warships have prevented the bombardment of Manila and it is alleged that Prince Henry of Prussia is expected there.
Will Fight to the Last.
Madrid, June 29.—Further advices from Manila say the Spaniards are determined to fight to death and that desperate fighting is expected when the American troops arrive.
Auxiliary Cruiser Division.
Madrid, June 29.—It was announced that the queen regent will immediately sign a decree providing for the formation of an auxiliary cruiser division at Cadix.
Denies German Interference.
London, June 29.—The Hong Kong correspondent of The Telegraph wiring Tuesday says:
I have consulted with the German authorities who declare emphatically that the reports from Manila of German interference are impossible. Whatever the Spanish may have done, the German naval has held no such hopes or promises.

Changing Their Tone.
St. Petersburg, June 29.—In view of the advanced military position of the United States, the newspapers here are changing their tone to friendship for America and now speak with contemptuous pity of Spain; the reason being, it is alleged, the growing fear of a possible Anglo-American alliance. The Russian press, however, does not think such an alliance very probable and predicts that the victory of the United States over Spain will lead the former into a colonial policy which will eventually result in a conflict with Great Britain.
The Philippine Situation.
London, June 29.—The Evening News publishes a long dispatch from Manila covering the points already telegraphed to the Associated Press. It emphasizes the strong anti-British feeling which has sprung up at the capital of the Philippines, and refers to the necessity of sending more British ships there, and of the conversion of the Spaniards that Germany is going to help them.
The Evening News then says:
"There are two points in our telegram which we wish to call the attention of the government. First, the influence which the presence of the German squadron is exerting on the situation. Second, the obvious danger to the English should the Spanish soldiers, who are without food and wages, determine to kick over the traces."
O'Higgins Not Sold.
New York, June 29.—Flint & Co. of this city have received a dispatch from Beach & Co., their agents at Valparaiso, Chile, saying there is no truth in the report that the Chilean armored cruiser, Almirante O'Higgins, has been sold to the government of Spain.

Caffery Speaks Against Annexation.
Washington, June 29.—Almost the entire session of the senate yesterday was occupied by Mr. Caffery, (Dem., La.) in a continuation of his speech against the annexation of Hawaii. At 4 o'clock he had not concluded, but yielded the floor in order that the general deficiency bill might be considered. The bill was read and the committee amendment far as they have been offered, adopted.
